NHSEB ACADEMY STADIUM

The inaugural season of the NHSEB Stadium, provided an opportunity for students to put their ethics bowl skills to the test in mock ethics bowl rounds without the stakes accompanying competition. By providing personalized feedback to teams via Zoom, we are able to increase accessibility to Ethics Bowl programming.

SOCIAL CONTENT

We aimed to spread the word about NHSEB and meet high schoolers where they are: on social media. We created content for the Center's new TikTok account, which has been a fantastic way to foster a sense of community among NHSEB participants, and reach new students. Content consisted of tips, tricks, trends, and visuals of campus.

We are excited to see what the future holds for our pod! As always, we will be supporting the NHSEB Program will continue to write and review cases, develop the social media pages, and provide opportunities for high school students to engage in ethical dialogues in preparation for competition throughout the year.

We would like to acknowledge the work that both Alex Richardson and Sally Moore have put into guiding our pod through this year and helping us create programming that will have a meaningful impact on the participating students.
